Hanna Nilsson

Medical Student at Umeå University | Aspiring Clinician-Scientist
Umeå, Västerbottens län, Sverige

Sammanfattning

I am Hanna, a medical student at Umeå University.

I have a strong passion for science and research. I currently work with memory-related brain activity changes in the early stages of Alzheimer's disease, using fMRI and data from the long-running Betula study. I also teach histology, helping students understand microscopic anatomy and its relevance to human health.

Welcome to connect!

Erfarenhet

Umeå University

1 år 3 månader

Teaching Assistant

maj 2025 - Present (1 år 3 månader)

Umeå kommun, Västerbotten County, Sweden
